FAQ

And in fact, you can even sync the playlist on to other devices in Spotify and enjoy the same songs on every device.. For these exceptions, Spotify provides you an option to stream local songs on the Spotify Desktop app.. So, here's how to Sync Local Files From Spotify desktop to any device However, this is a paid feature and you need to be a premium Spotify user.

3. [spotify can't play local files on phone](#)

Sync Local Files From Spotify Desktop To Any Device1 Firstly, you will need to attach the Music Playlist local folder on Spotify.. Spotify lets you stream helluva soundtracks and hands down has one of the biggest music streaming playlists.. Here, I am going to attach my local folder on Spotify Windows To do that, go to your Spotify Account Settings.. But, it still misses out on a few Indie singles and artists I also don't find many regional songs of course due to legal issues.
